

First European Silver Economy Awards Ceremony

3 May 2018

Hosted by the Committee of the Regions, Brussels

#SilverCeremony2018

Powered by the EU-funded SEED project, the European Silver Economy Awards celebrate and reward initiatives from all sectors that help to improve the quality of life of senior citizens.

Through the showcasing of innovative ICT-related products, the Awards aim to raise awareness on and strengthen the European Silver Economy movement. These amazing contenders embody the breadth of potential consumer markets and public spending involved in this movement, not to mention the various opportunities available for entrepreneurs, investors, public authorities and civil society.

The first Awards Ceremony is the opportunity to learn more about the nine finalists who will present their solutions and to award the winning applications.

We thank **Mariya Gabriel**, Commissioner for Digital Health and Society, and **Markku Markkula**, First Vice-President of the Committee of the Regions, for giving their moral patronage to this first edition of the European Silver Economy Awards.

The Silver Economy Awards

Powered by SEED
